The indications are that the weather will be ideal for the festival.

The entertainment to be given is to be of the highest order, and there will be no "rotten" show. The free attractions, such as the aeroplane flights, trapeze acts and the performing goats are the best that can be secured.

The Commercial club is in charge of the festival, and that is enough to assure you that the very best in entertainment will be had. It promises to be Maryville's biggest week.

The festival will continue over Thursday and Friday.

Seventy-five dollars in prizes are to be given to the schools that are represented in the children's parade to be given Friday afternoon at 1 o'clock. All of the schools of the county have been invited to participate, and many of them have accepted. It is expected that nearly 5,000 children will march. Friday is Pathe day and many pictures of the parade and other entertaining features will be taken. The following are the prizes:

Each pupil who marches in the parade will be presented a free ticket to the Empire theater for the afternoon picture show.

The school having in the parade the largest percentage of pupils enrolled in the school:

Pupils of the Maryville schools will meet at the Central school building, all other pupils to meet in front of Price & McNeal's store, on South Main street. Pupils will meet at these places promptly at 1 p. m.

TO OBSERVE ROAD LAWS.

The City Has Painted a Large White Spot at the Intersection of Some of the Streets.

The city is going to put a stop to "jay" driving within the city limits and is going to see that the road laws are observed. Large white spots have been painted at the intersections of some of the busy streets in the business section of the town, and drivers of all kinds of vehicles must keep to the right of these spots. A traffic policeman, Ezra Phipps, has been stationed at the corner of Fourth and Main streets, and Chief of Police Moberly is at Third and Main, to see that all drivers are observing the law.

These spots have been painted at the middle of the intersections of Main and Fourth, Main and Third, Main and Second, Main and First, Market and Third, Buchanan and Third, Buchanan and Second, Buchanan and First, and Buchanan and Fourth. These spots are three feet square.

HAS FINE SHOWING.

The Poland Chinas Offered by W. O. Garrett in His Sale a Good Lot.

It's a fine lot of Poland Chinas W. O. Garrett will offer in his annual sale at his home, at the north end of Main street, on Thursday, October 16. There are 53 of them, 25 boars, 26 gilts and 2 tried sows, the boars and gilts being of February and March farrow and averaging around 250 pounds in weight. They are not fat, as Mr. Garrett says he likes to keep them hungry, but they are big boned, healthy and growing, and in shape to keep on growing. Perhaps the pick of the lot is to be found among four and five gilts out of Wonder Queen by Chief Wonder, the great son of Chief Price Wonder.

Another famous sire of some of the offering is Expander, an Expansion bred boar. Among the dams of the lot are sows by Pawnee Lad, Big Ex, 1,000 pound Jumbo and Big Sensation. Two sows in the lot, Ruberta, a Giantess bred sow with ten pigs a month old, and Brunette, her daughter, by Big Ex, will attract men wanting tried stuff.

The sale will be held under cover and will proceed rain or shine.

At Mr. Garrett's sale last year exceptionally good prices were paid for the offerings, and his known reputation as a successful breeder of the big-boned, healthy Poland Chinas will be a great asset to him in the forthcoming sale. R. P. Hosmer will cry the sale. As Mr. Garrett's advertisement says, "If interested in good hogs, come in time for dinner," it is a certainty there will be a good attendance at the sale.

BLAKELEY COMING

TO TAKE PLACE OF ROY FRANCIS, WHO HAD SMASHUP.

WILL FLY TOMORROW

Francis' Machine Badly Damaged at Wyoming State Fair—Blakeley is Well Recommended.

Owing to a smashup at the Wyoming state fair at Douglass, Wyo., Roy Francis and Sky High Irving will not be in Maryville to give their aeroplane flights and parachute leaps during the fall festival this week. Aviator Blakeley will take the place of Francis and will arrive Wednesday morning on the Wabash and will make a flight at 10 o'clock. It is said that Blakeley is just as good as Francis.

The following is the telegram as sent by the Curtis-Wright-Bleriot Aviator company of Chicago in regard to Francis' smashup:

"Francis had smashup at Douglass, Wyo. Shipped damaged machine to Omaha and wired factory for parts. Will know this afternoon if can be repaired in time. If not can substitute good aviator without parachute jump. Wire if agreeable and will wire you immediately upon receipt of definite word from Francis."

Secretary Hoffman sent back the following reply:

"We want Francis. Other man will do if he does everything except parachute leap."

This afternoon Mr. Hoffman received the following telegram from the aviator company at Chicago:

"Aviator Blakeley will arrive from St. Louis 6 o'clock Wednesday morning and will be ready to fly at 10 o'clock."

BOUGHT DENNING TEAM.

Harry N. Culbertson Now Owns One of the Oldest Farms in County—Was Never Mortgaged.

Mr. and Mrs. David L. Denning of this city have sold their farm, ten miles southwest of Maryville, to Mr. and Mrs. Harry N. Culbertson, who have been living on a farm east of Arkoe. The deal was consummated Monday through Smith & Grems.

The Denning farm is one of the oldest in the county. Mr. Denning entered the land from the government in 1853. There were 160 acres in the piece of land at the time he entered it, but he sold half of it some years later. There has never been a mortgage on the land, and it does not require much imagination to think what good management and hard work it meant to the owner to so conduct his affairs through all the experiences that land owners meet, especially in a new country, that he did not find it necessary to borrow money.

Mr. and Mrs. Denning went to house-keeping on the farm and it was not difficult to see that they regretted to part with it, after having owned it for sixty-three years, and it was their home until seventeen years ago, when they retired to their home in this city. Mr. Denning decided to relieve himself of all further care and sell the place to a young man who would improve it and keep it up in good condition. The consideration was \$90 per acre.

Mr. Out Outs had had the management of the Denning farm for the past ten years.

WILL PROBABLY HAVE LIGHTS.

Lee Electric Co. Planning to Furnish Electric Lights to Several Towns in the County.

Rufus E. Lee of the Lee Electric Light company of Clarinda was in Maryville Monday in conference with the county court. Mr. Lee is after permission from the court to erect poles and also furnish electricity to a number of towns in this county, and the court, after hearing his proposition granted a permit to him.

Mr. Lee is now planning to furnish Elmo, Clearmont, Burlington Junction, Quitman, Skidmore, Maitland and Hopkins with electric lights from his plant at Clarinda. Elmo has already voted and adopted the proposition, and the lights will be installed there within the next month or so. Clearmont will probably vote on the proposition soon, as will some of the other towns.

Mr. Lee's proposition is the one he made to Elmo. At that town he agreed to light the streets for so much a year for ten years. Other customers will be taken, for instance, lighting buildings, churches and residences.

In Burlington Junction, where they have already a light plant, Mr. Lee says he can furnish lights cheaper than their own plant.

DONATED STRIP OF LAND.

Postmaster Brashear of Parnell Gave Land So as to Make Road Corner Better.

Since the county seat highway road has been established from Maryville to Grant City through Parnell, Postmaster T. A. Brashear has donated a very valuable strip of land to good roads at the four corners, a half mile south of Parnell, which now gives plenty of room for teams and autos to pass, which, as it was in the past, was very dangerous. This is a valuable improvement to the highway and public concerned, and he has set an example that others should follow and do the same way.

With this improvement this makes one of the nicest driveways and next to a boulevard in our county.

On Visit to Son.

J. G. Allen of Mountain Grove, Mo., arrived in Maryville Monday night on a visit to his son, Gabe L. Allen, and family.

TO ISSUE BONDS

THE GOOD ROAD BONDS TO BE SOLD BY COUNTY COURT.

HELD MEETING MONDAY

W. H. Bainum Appointed as Highway Engineer, L. E. Lyle as Overseer in District No. 7.

At the township board meeting held Monday it was decided that the \$50,000 bond issue for good roads would be issued soon, so as to have all of the money available by April 1, 1914, so as work can start then. The entire issue will be sold under the direction of the county court. The members of the board were in conference with the county court Monday in regard to the bonds, and it was decided to employ an attorney to see that the proper and legal way is followed.

The county court also appointed W. H. Bainum as deputy county highway engineer. The appointment was on behalf of the township board. Mr. Bainum's work will be in this township and he will make a survey of all the roads and culverts and bridges and have a blue print made. The board will then know the exact location of all the roads and bridges and also the condition of all of them. Mr. Bainum will also oversee the work.

It is too late to start work this fall, but the board is to have everything ready so as to begin next spring.

Lester E. Lyle was appointed by the board as road overseer in district No. 7, in place of Mike Sturm, who resigned.

About 160 bills were allowed by the board and the members of the board present were E. H. Bainum, Ernest Wray, E. P. Powell and E. F. Hamlin, secretary. The next regular meeting will be held on October 25.

RECEIVED BOOKS.

Supt. Oakerson Has Revised School Laws and Courses of Study to Give Out.

The state superintendent of public schools, Wm. P. Evans, has just completed the shipment of 25,000 courses of study for the rural schools, and 35,000 revised school laws. These books are shipped to the county superintendents and distributed by them as follows:

One school law and one course of study to each of the 15,000 teachers in the village and rural schools.

One school law and one course of study to each of the 10,000 presidents of school boards.

One school law to each of the 10,000 clerks of school boards.

In addition to this large shipment of books, the state superintendent annually distributes over one million blank forms for the use of school officers, and 8,000 copies of the state superintendent's report.

All these supplies are shipped in bulk to the county superintendent of each county and by him distributed to the teachers and school officers.

All teachers and school officers in Nodaway county should apply to County Superintendent Oakerson for all school supplies, since the state superintendent does not have sufficient clerical force to ship supplies to individuals and has no postage for that purpose.

All these supplies are furnished free to teachers and school officers, but such supplies are the property of the state, and when an officer resigns or his term of office expires, he should turn over all school supplies to his successor.

Spoke at Normal Assembly.

The Y. M. C. A. and the Y. W. C. A. of the Normal school met in joint session this morning at the regular assembly hour.

Rev. Louis M. Hale, pastor of the First Baptist church, led the devotional exercises, after which Orlo Quinn sang Rodney's "Calvary."

Rev. Hale then gave a short talk on "The Winning of Souls." Mr. Hale says that he knows from his own personal experience that the Christian student may speak to a fellow student about his soul's welfare more easily than the minister or any outsider, because the students have so much in common, and commend the work of the two Christian organizations of the school.

The faculty and a large number of the student body were present at the meeting this morning.

Miss Ada Clayton returned Monday with Borden Cox, the little son of Rev. and Mrs. Gilbert S. Cox, from Kansas City, where they had been with Rev. Cox's parents during the session of conference at Trenton, which Rev. and Mrs. Cox attended.

BOYS LIKE TO OWN THINGS

Give Your Son Possessions That He
May "Keep," and He Will Treasure Them.

The average boy believes firmly in the principle of the private ownership of personal property. He would rather be the sole possessor of a broken handled knife with no blades than a pearl handled, four-bladed affair in partnership, asserts Thomas W. Lloyd in the Mother's Magazine.

In fact, the desire to own something—to possess property—is inherent in all mankind. And mothers should endeavor to foster this desire. It will not only increase the boy's happiness, but will teach him the value of acquisition, within proper limits. He should have his own playthings, his own tools, his own books, his own clothes, and a place of his own in which to keep them.

A boy who is permitted to do this will take better care of things than if owned in partnership, and he will learn eagerly to have a place for his things and to keep them in their place. And this is a valuable lesson. Do not make a younger boy wear his older brother's clothing which the older has outgrown, if it can be avoided. Of course in some families, where every cent counts, this cannot be helped. Every boy, and we speak from experience, has to wear an "old" shirt. He wants his own. Give him his own bureau drawer with at least a portion of a closet, and teach him habits of orderliness and system in the care of his possessions. These habits are easily learned when young, and their value to the man of business is incalculable.

ALWAYS HAD CHANGE COMING

Escaped Inmate of Ohio Asylum Only
Had to Return to Secure His
Two Dollars.

The escape of Harry Kendall Thaw from Matteawan recalled the sensational escape of McNicholas from the county jail several months ago to a reporter of the Cleveland Leader.

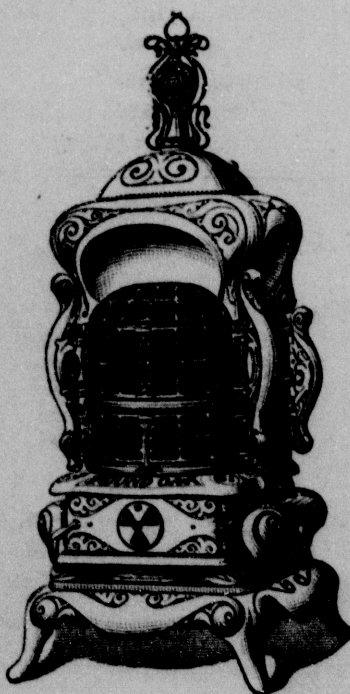

"There was no chop suey at Matteawan, was there?" the reporter asked. So far as could be learned there was none.

Solemnly motioning like the waiter, to bring another portion, he explained the mystery of his chop suey remark.

"When McNicholas escaped from the county jail he was in the hospital ward. A few minutes before he made his get-away he asked me to get him two plates of chop suey. The obliging son of Manchu demanded a deposit of two dollars. McNicholas was rich, and I paid the deposit."

"When I reached the jail with the steaming dishes I found that McNicholas had flown. And there were two dishes of chop suey on my hands."

"Sheriff Smith waved me away. I tried to explain that there was money due McNicholas from the Chinaman. Nothing doing; he was too busy trying to apprehend McNicholas. 'I ate the chop suey and kept the two dollars. Some day when I run across McNicholas I'll buy two dishes of chop suey and pay him two dollars. Sah-m-d-ay.'"

WHEN HIS APPETITE FAILED

Realization of Payment to Be Made
Left John Henry Without Desire
for the Pheasant.

They were speaking of the wonderful days of courtship when he willingly makes a million sacrifices to appear like great wealth in the dear one's beautiful eyes. A merry chuckle on the part of Gov. Locke Craig of North Carolina, who was one of the dinner party. He said he was reminded of the case of John Henry.

John Henry, according to the governor, took the darling of his heart to a cafe where it is expensive to eat. The dear one had said she wasn't hungry, so the young lover thought he would escape with no greater blow than an ice cream ticket.

But, alas! Likewise woe! It was a pheasant that the dear one ordered, with fixings to match. All that John Henry could do was to watch her and suffer.

"Jackey, dear," she sweetly remarked, diving into the luscious bird, "you are not eating a bit of this pheasant. Won't you have some?"

"No, darling," responded John Henry. "I have had all that I want."

"All that you want, dear?" exclaimed the young woman, showing great surprise. "Why, you haven't had any!"

"Yes, I have, sweet," answered John Henry, with something akin to a soulful sigh. "The waiter just handed me the bill."

POLISH JEW HELD IN HONOR

Warsaw Policeman Gets Remarkable
Recognition From All Classes of
the People.

An account of a jubilee celebration in honor of a Jewish policeman of Warsaw, Poland, is contained in the American Hebrew. The celebration was in honor of fifty years' service by Doruch Yablonsky, an ex-guardman.

In 1863 he was appointed constable in the Polish capital by the viceroy, Grand Duke Constantine, who took into consideration his brilliant conduct in the Crimean war, for which he was decorated with a medal. Yablonsky, who is now the only Jew on the Warsaw police force, performed the duties of a constable for 42 years, until eight years ago, when he was transferred to the clerical department.

He is now eighty-eight years old, and holds several decorations. The entire police force joined in the jubilee celebration, and Yablonsky was the object of hearty praise and congratulations. He received 100 rubles from the chief of police, a watch from the regiment of guards in which he served at the siege of Sebastopol. In religion Yablonsky holds orthodox views, and he has a special permit to attend synagogue services on Saturdays and festivals.

Satisfied.

But that it would cost too much to print it, the landlady would probably include this story in her advertisement every time she needs boarders.

In answer to an advertisement that was published before the story happened, she received as "paying guests" a lady and gentleman and little girl who had come down in the world.

Their descent was comparatively recent, and the lady still mourned departed grandeur. She had hopes of getting some of it back, however, and to that end she instructed the little girl to pray, on the night of their arrival at the boarding house, that God would soon give them their pretty home again.

The child opened her eyes and looked around the comfortably furnished room.

"I don't see anything the matter with this," she said.

Pitching Pals.

Mathewson and McGinnity were great chums throughout their years of association on the New York team. Sometime, with one of them in the box and going badly, the other would start from the bench with: "Get out of there, Matty! You're rotten! Let me show 'em something."

The following rejoinder: "All right, Joe. Come on in. I hope they knock you full of holes." Then, tossing the ball to his pal, he would start for the clubhouse.

McGraw left the pitching problem largely to these wise old foxes. "With them working together so well, no wonder we win," was a favorite comment of his.—Popular Magazine.

Rebuke a Praise-Proud Traveler.

Tom McNeal tells several stories about Colonel Johnson, the landlord of the City hotel in Holton. One of them is this: A somewhat dudsish traveling man came into the hotel and asked for a cigar. The colonel opened a cigar case and showed the drummer his five and ten-cent brands, but the dudsish drummer wasn't satisfied. "Don't you keep some good cigars here, such as a gentleman wants to smoke, about three for a dollar?" "Yes," said the colonel impressively, "we keep cigars here for gentlemen to smoke, but we don't keep cigars for fools."—Kansas City Star.

Nails Were Meant to Last.

F. J. Haaskins of North Adams, Mass., has a collection of hand-made nails that were taken from an old house. The nails are all made of steel and are practically as good as when first driven into the wood. They are crude in shape and size and many of them have heads on only one side of the shaft. The nails have been in the building for forty years.

Think This Over

When You Buy Something at this Store we don't want you to feel that the sale is closed as soon as you have handed over your money.

In our opinion no sale is finally closed until you have given your purchase a thorough trial and are perfectly satisfied with it. We regard your money simply as a deposit, which we will gladly return if you find you are not satisfied with the goods, themselves. Our responsibility to you doesn't end as soon as you have left our door.

You'll get a big square deal here in your Fall and Winter Outfits, same as we always give. We've looked over the best that the big markets offer in clothing and furnishings and have made our usual painstaking selection.

From Ties and Scarfs to Suits and Overcoats; you'll get values here that will open your eyes.

For instance, consider our big new lines—Cloth Craft all wool clothes. Cloth Craft is made scientifically and therefore sell for \$10, \$12.50, \$15, \$18 and \$20, one third less than you'd pay for other ready-made clothes of as good a material and workmanship and Cloth Craft is fully guaranteed by the makers and ourselves.

Also if you haven't seen the New Suits and Overcoats we've got ready for you; made for us especially by Hart, Schaffner & Marx, don't wait any longer.

The new models are better than you've ever seen and the prices are easy. \$25 does more than ever before in buying real quality in clothes it's a true economy price, others here at \$18, \$20 and \$22.50. We have the goods and make the price. Think over what we have said it means money to you. Come in and see us any time, we will be looking for you before the end of the week. Boys remember we give a knife with each Boys' Suit or Overcoat.

SPENCER'S TALE

MOSTLY FICTION

Confession of Many Murders

Product of Disordered Brain.

Chicago, Oct. 7.—As one after another of the "murders" confessed to by Harry Spencer were disproved, the police were practically convinced that while he was the murderer of Mrs. Mildred Allison Rexroat, the rest of his monstrous story was mostly fiction engendered in a drug-crazed mind. Spencer is addicted to the opium habit, a symptom of which is a weird and grotesque imagination. Some years ago the police had occasion to investigate his conduct and learned that while in prison at Joliet on a charge of larceny, the prison authorities had regarded him as mentally defective and from time to time confined him in the infirmary. He told fellow prisoners of having committed several murders.

Dispatches from Detroit, Delavan Lake, Wis., and Goshen, N. Y., further shook official faith in the confessions. Investigations at these points, while not absolutely disproving Spencer's statements, indicated that there was little likelihood that they were true.

Some time will be necessary, the police say, before the truth in Spencer's story can be sifted.

"Some of his stories are probably fiction," said Captain Halpin, "but on the whole I believe he is almost as great a criminal as he claims to be."

CHAIRMAN GLASS RAPS HITCHCOCK

Criticizes Nebraskan for Opposition to Currency Bill.

"FIGMENT OF IMAGINATION."

Assertion Commercial Credits Would Be Frightfully Contracted Without Particle of Basis, Declares House Leader—Crusade Against Bill.

Washington, Oct. 7.—Representative Glass, chairman of the house committee on banking and currency, issued a statement criticizing the opposition to the pending currency bill of Senator Hitchcock, a Democratic member of the senate committee on banking and currency. He said he was quite "curious to know" to what provisions of the measure the Nebraska senator was to attach the "several hundred amendments of which he speaks in his rather persistent newspaper crusade against the bill."

Thus far, Mr. Glass declared, Senator Hitchcock "ventures to specify but no objections to the bill as it passed the house," and asks for more time in which to consider the subject.

Concerning some of Senator Hitchcock's objections to the bill, Representative Glass said: "The assertion that the bill as it passed the house would 'frightfully contract commercial credits,' even temporarily, is a figment of the imagination. It has not one particle of basis and no capable authority with any regard for his intellectual integrity would reach any such conclusion."

"As to the talk of an ultimate period of 'wild inflation,' it is curious to note Senator Hitchcock in his plea for delay finds himself in exact accord with the two Republican members of his committee, who attacked their signatures to the Aldrich scheme providing for a possible inflation of the currency to the extent of \$6,000,000,000."

COUNTRY BANKERS MEET

Consideration of Currency Bill Is Dominant Feature of Boston Convention.

Boston, Oct. 7.—The meeting of country bankers here stood out as the first important event in connection with the thirty-ninth annual convention of the American Bankers' association, which has brought to Boston nearly 5,000 bankers from all parts of the United States. The meeting was called for the purpose of discussing the currency bill now before congress. "Thus far," said Gordon Jones, president of the First National bank of Littleton, Colo., and one of the signers of the call, "the bill has been considered mainly from the viewpoint of the large banks in the reserve cities. It is desired to give the country bankers an opportunity to consider certain features which apply particularly to their own business."

Consideration of the currency bill is expected to be the dominant feature of the regular sessions of the association, which open tomorrow.

The instructions declared that every step would be taken with a view to the ultimate independence of the islands.

EACH CONFIDENT OF WINNING.

Speculators Sell Tickets at High Prices, Trio of Texas Fans Paying \$75 for Three Seats at Initial Game. Probable Lineup.

PROBABLE BATTING ORDER.

New York.—Philadelphia.—Snodgrass, cf. Murphy, rf. Doyle, 2b. Oldring, lf. Shafer, 3b. Collins, 2b. Burns, lf. Baker, 3b. Fletcher, ss. McInnis, 1b. Murray, rf. Strunk, cf. Meyers, c. Barry, ss. Merkle, 1b. Schang, c. Mathewson, p. Bender, p. Or, Marquard, p.

New York, Oct. 7.—The curtain will rise this afternoon on the final act of the 1913 baseball drama. Behind the scenes the Philadelphia Athletics and the New York Giants are at their stations ready for the cue that will send them into the limelight of the world's series.

Of opinion and forecasts there are no end, but each and everyone is fringed with strings of "ifs" and "buts" until the seeker for facts becomes bewildered by the maze of counter-information. Viewed from any angle the series appears to promise sensational baseball with the luck and breaks of the game playing a part of more than usual importance.

Neither managers nor players will venture a straight prediction as to the result of either the first game or of the series and their doubts as to the outcome is reflected by the wagering. The Athletics' supporters in Philadelphia are offering 10 to 9 on Connie Mack's team, while the New York club supporters are willing to lay similar odds when baited in their own ballpark.

Professional bookmakers and men of their type, accustomed to figure betting propositions in a manner which gives them the edge, offer 9 to 10, with the better making his own choice as to the probable winner.

So far as actual wagering is concerned, there has been less betting than usual. The amounts range from \$5 to \$50 and many are of the freak variety, concerning the pitchers for the opening game, total number of games in the series and similar propositions.

The uncertainty of the ultimate outcome and the apparent evenness in playing strength of the contending furnished unlimited material for argument, and it is doubtful if a thousand telephone devices scattered about the metropolis would record much of anything but world's series gossip. The supporters of Mathewson and Marquard advanced a score of reasons why Manager McGraw should start their favorite against the Athletics, and the fans from Philadelphia smiled and gently inserted into the argument a mention of J. Franklin Baker and what his trusty home run bat did in the series of 1911.

Because of the fact that but 8,000 of the 38,000 seats were disposed of in the advance sale, the opportunities for speculators to secure tickets were not as great as in the past. Consequently those that were available commanded almost fabulous prices. A trio of Texas enthusiasts paid \$75 for three seats for the opening game and appeared to feel that they had secured a bargain.

SULZER CASE IS REOPENED

Court Permits Prosecution to Present More Evidence.

Albany, N. Y., Oct. 7.—Despite the protest of Governor William Sulzer's counsel, a motion by attorneys for the assembly board of managers to permit them to reopen their case and introduce further testimony in the impeachment trial at Albany was allowed by Presiding Judge Cullen.

A new unreported campaign contribution of \$10,000 developed. I. V. McGlone testified that he handed the governor ten \$1,000 bills for his employer, Allan A. Ryan, a son of Thomas F. Ryan, last October.

Allan A. Ryan testified that Sulzer requested him to go to Washington and ask Senator Root to use his influence to get William Barnes to attempt to induce Republican senators of the impeachment court to hold that the impeachment proceedings were invalid.

ALASKAN CITY ALMOST DESTROYED BY STORM

Loss at Nome Is Estimated at \$1,500,000.

Nome, Alaska, Oct. 7.—Nome has been almost destroyed by a storm. All the south side of Front street is gone. The sand spit is gone. Two miles of territory next to the sea was devastated. No lives were lost.

The storm set in from Bering sea and was the worst ever known here. Men and women worked all night in the icy water to save their household effects. The electric light plant was wrecked and telephone service cut off. The loss is estimated at \$1,500,000.

There will be much suffering, and outside help will be required. Winter is at hand, and it will be impossible to get in supplies needed. The steamships Victoria and Corwin, which were lying in the roadstead, ran to the open sea and escaped damage. All the small boats on the beach were destroyed. Five hundred houses have been demolished, and more are falling.

Fire has broken out in the storm-stricken city and the flames have attacked the Pacific Cold Storage company's plant, where is stored the chief supply of meat for the winter. The fire apparatus was destroyed in the gale.

SUFFRAGETTE IS ARRESTED

Miss Kenney Jailed After Fierce Clash of Police and Militants.

London, Oct. 7.—The militant suffragettes were deprived of one of their leaders, Miss Annie Kenney, who was arrested on the platform of a London music hall in the course of a meeting to mark the commencement of hostilities. Miss Kenney was released from prison, after a "hunger strike," two months ago.

The arrest brought a scene of wild excitement in the crowded hall. Miss Kenney had just opened her speech with the words: "I hear there are detectives in the wings," when a squad of policemen dashed out on the platform in flying wedge formation.

The women seated around Miss Kenney tried to get between her and the policemen so as to give their leader a chance to escape, but the policemen scattered the resisting women about like nine pins. As Miss Kenney was seized, yells of protest arose from the hundreds of women filling the hall.

There was a wild din, accompanying the short, but fierce struggle between women who endeavored to rescue Miss Kenney and the officers who had her in custody. She was rushed to a waiting taxicab, which started off after a final skirmish to Holloway jail.

The scene in the street in front of the music hall was of the wildest description. The women fought and struggled furiously with the police and their torn dresses and the rips in the policemen's tunics testified to the fierceness of the scrimmage.

Two men, one of them a clergyman, and seven women were arrested.

Peter Volo Smashes Record.

Lexington, Ky., Oct. 7.—The world's record for two-year-old trotters was broken when Peter Volo won the futurity for two-year-old trotters, making the second mile in 2:04. The previous record was 2:06.4. Uthian, 3 K. G. Billings' champion trotter, lowered the world's mark for a quarter mile by going the distance in 0:27.

The festival will continue over Thursday and Friday.

TO OBSERVE ROAD LAWS.

The City Has Painted a Large White Spot at the Intersection of Some of the Streets.

The city is going to put a stop to "jay" driving within the city limits and is going to see that the road laws are observed. Large white spots have been painted at the intersections of some of the busy streets in the business section of the town, and drivers of all kinds of vehicles must keep to the right of these spots. A traffic policeman, Ezra Phipps, has been stationed at the corner of Fourth and Main streets, and Chief of Police Moberly is at Third and Main, to see that all drivers are observing the law.

These spots have been painted at the middle of the intersections of Main and Fourth, Main and Third, Main and Second, Main and First, Market and Third, Buchanan and Third, Buchanan and Second, Buchanan and First, and Buchanan and Fourth. These spots are three feet square.

HAS FINE SHOWING.

The Poland Chinas Offered by W. O. Garrett in His Sale a Good Lot.

It's a fine lot of Poland Chinas W. O. Garrett will offer in his annual sale at his home, at the north end of Main street, on Thursday, October 16. There are 33 of them, 25 boars, 26 gilts and 2 tried sows, the boars and gilts being of February and March farrow and averaging around 250 pounds in weight. They are not fat, as Mr. Garrett says he likes to keep them hungry, but they are big boned, healthy and growing, and in shape to keep on growing. Perhaps the pick of the lot is to be found among four and five gilts out of Wonder Queen by Chief Wonder, the great son of Chief Wonder.

Another famous sire of some of the offering is Expander, an Expansion bred boar. Among the dams of the lot are sows by Pawnee Lad, Big Ex, 1,000 pound Jumbo and Big Sensation. Two sows in the lot, Ruberta, a Giantess bred sow with ten pigs a month old, and Brunette, her daughter, by Big Ex, will attract men wanting tried stuff.

The sale will be held under cover and will proceed rain or shine.

At Mr. Garrett's sale last year exceptionally good prices were paid for the offerings, and his known reputation as a successful breeder of the big-boned, healthy Poland Chinas will be a great asset to him in the forthcoming sale. R. P. Hosmer will cry the sale. As Mr. Garrett's advertisement says, "if interested in good hogs, come in time for dinner," it is a certainty there will be a good attendance at the sale.

Francis' Machine Badly Damaged at Wyoming State Fair—Blakeley is Well Recommended.

The following is the telegram as sent by the Curtis-Wright-Bleriot Aviator company of Chicago in regard to Francis' smashup:

"Francis had smashup at Douglass, Wyo. Shipped damaged machine to Omaha and wired factory for parts. Will know this afternoon if it can be repaired in time. If not can substitute good aviator without parachute jump. Wire if agreeable and will wire you immediately upon receipt of definite word from Francis."

Secretary Hoffman sent back the following reply:

"We want Francis. Other man will do if he does everything except parachute leap."

This afternoon Mr. Hoffman received the following telegram from the aviator company at Chicago:

BOUGHT DENNING TEAM.

Harry N. Culbertson Now Owns One of the Oldest Farms in County.—Was Never Mortgaged.

Mr. and Mrs. David L. Denning of this city have sold their farm, ten miles southwest of Maryville, to Mr. and Mrs. Harry N. Culbertson, who have been living on a farm east of Arkoe. The deal was consummated Monday through Smith & Grooms.

The Denning farm is one of the oldest in the county. Mr. Denning entered the land from the government in 1853. There were 160 acres in the piece of land at the time he entered it, but he sold half of it some years later. There has never been a mortgage on the land, and it does not require much imagination to think what good management and hard work it meant to the owner to so conduct his affairs through all the experiences that land owners meet, especially in a new country, that he did not find it necessary to borrow money.

Mr. and Mrs. Denning went to house-keeping on the farm and it was not difficult to see that they regretted to part with it, after having owned it for sixty-three years, and it was their home until seventeen years ago, when they retired to their home in this city. Mr. Denning decided to relieve himself of all further care and sell the place to a young man who would improve it and keep it up in good condition. The consideration was \$90 per acre.

Mr. Out Outs had had the management of the Denning farm for the past ten years.

WILL PROBABLY HAVE LIGHTS.

Lee Electric Co. Planning to Furnish Electric Lights to Several Towns in the County.

Rufus E. Lee of the Lee Electric Light company of Clarinda was in Maryville Monday in conference with the county court. Mr. Lee is after permission from the court to erect poles and also furnish electricity to a number of towns in this county, and the court, after hearing his proposition granted a permit to him.

Mr. Lee is now planning to furnish Elmo, Clearmont, Burlington Junction, Quitman, Skidmore, Maitland and Hopkins with electric lights from his plant at Clarinda. Elmo has already voted and adopted the proposition, and the lights will be installed there within the next month or so. Clearmont will probably vote on the proposition soon, as will some of the other towns.

Mr. Lee's proposition is the one he made to Elmo. At that town he agreed to light the streets for so much a year for ten years. Other customers will be taken, for instance, lighting buildings, churches and residences.

In Burlington Junction, where they have already a light plant, Mr. Lee says he can furnish lights cheaper than their own plant.

Rev. A. C. Brown has been appointed at Maitland for another year.

Rev. W. E. Tinney has been appointed for Parnell.

Rev. H. S. Baker is selected for Elmo, and Rev. D. L. Berger for Quitman.

DONATED STRIP OF LAND.

Postmaster Brashear of Parnell Gave Land So as to Make Road Corner Better.

Since the county seat highway road has been established from Maryville to Grant City through Parnell, Postmaster T. A. Brashear has donated a very valuable strip of land to good roads at the four corners, a half mile south of Parnell, which now gives plenty of room for teams and autos to pass, which, as it was in the past, was very dangerous. This is a valuable improvement to the highway and public concerned, and he has set an example that others should follow and do the same way.

With this improvement this makes one of the nicest driveways and next to a boulevard in our county.

On Visit to Son.

J. G. Allen of Mountain Grove, Mo., arrived in Maryville Monday night on a visit to his son, Gabe L. Allen, and family.

Amounted to .37 of an Inch.

The rain that fell Monday evening amounted to .37 of an inch.

TO ISSUE BONDS

THE GOOD ROAD BONDS TO BE SOLD BY COUNTY COURT.

HELD MEETING MONDAY

W. H. Bainum Appointed as Highway Engineer, L. E. Lyle as Overseer in District No. 7.

At the township board meeting held Monday it was decided that the \$50,000 bond issue for good roads would be issued soon, so as to have all of the money available by April 1, 1914, so as work can start then. The entire issue will be sold under the direction of the county court. The members of the board were in conference with the county court Monday in regard to the bonds, and it was decided to employ an attorney to see that the proper and legal way is followed.

The county court also appointed W. H. Bainum as deputy county highway engineer. The appointment was on behalf of the township board. Mr. Bainum's work will be in this township and he will make a survey of all the roads and culverts and bridges and have a blue print made. The board will then know the exact location of all the roads and bridges and also the condition of all of them. Mr. Bainum will also oversee the work.

It is too late to start work this fall, but the board is to have everything ready so as to begin next spring.

Lester E. Lyle was appointed by the board as road overseer in district No. 7, in place of Mike Sturm, who resigned.

About 100 bills were allowed by the board and the members of the board present were E. H. Bainum, Ernest Wray, E. P. Powell and E. F. Hamlin, secretary. The next regular meeting will be held on October 25.

RECEIVED BOOKS.

Supt. Oakerson Has Revised School Laws and Courses of Study to Give Out.

The state superintendent of public schools, Wm. P. Evans, has just completed the shipment of 25,000 copies of study for the rural schools, and 35,000 revised school laws. These books are shipped to the county superintendents and distributed by them as follows:

One school law and one course of study to each of the 15,000 teachers in the village and rural schools.

One school law and one course of study to each of the 10,000 presidents of school boards.

One school law to each of the 10,000 clerks of school boards.

In addition to this large shipment of books, the state superintendent annually distributes over one million blank forms for the use of school officers, and 8,000 copies of the state superintendent's report.

All these supplies are shipped in bulk to the county superintendent of each county and by him distributed to the teachers and school officers.

All teachers and school officers in Nodaway county should apply to County Superintendent Oakerson for all school supplies, since the state superintendent does not have sufficient clerical force to ship supplies to individuals and has no postage for that purpose.

All these supplies are furnished free to teachers and school officers, but such supplies are the property of the state, and when an officer resigns or his term of office expires, he should turn over all school supplies to his successor.

IT WAS DECIDED MONDAY TO HOLD ONE THIS YEAR.

GOOD TALENT SECURED

The Organization to Be Called Maryville Lyceum Association—Committees Appointed.

Maryville is to have a lecture course this year, so it was decided at a meeting held Monday afternoon at the Commercial club room. Representatives from the Normal, high school, Conservatory, Business college, all of the churches, Commercial club and the D. A. R., Mothers' Circle, M. I. Circle, P. E. O., and the Twentieth Century clubs were in attendance, and an organization was perfected. The name of it will be the Maryville Lyceum association. The officers selected are Prof. G. H. Colbert, president; Prof. W. M. Westbrook, vice president; President Ira Richardson, treasurer; Rev. J. D. Randolph, secretary.

The following talent has been secured for the course:

Maude Powell, violinist, on November 5. Miss Powell has an international reputation as a violinist and is one of the greatest artists of that instrument in the world.

Chancellor George H. Bradford of Oklahoma university, on October 21.

Dr. Woods Hutchinson, on January 29. Dr. Hutchinson is a physician, teacher and writer who is conducting a world-wide clinic.

Senator Frank J. Cannon of Utah, on December 19.

Season tickets will sell for \$2. Tickets to students will be \$1 and will be non-transferable. The single admission to the Maude Powell concert will be \$1. To the other entertainments and lectures it will be 50 cents to 75 cents.

Several committees have been appointed by the association. The committee on talent is Rev. Gilbert S. Cox, Prof. P. O. Landon and Mrs. Oliver Boyard. On the sale of tickets and publicity, Prof. W. M. FUNERAL SERVICES AT PARNELL.

Mrs. H. D. Saunders of Windsor, Who
Died Sunday, Was Laid to Rest
Near Old Family Home.

Funeral services for Mrs. H. D. Saunders of Windsor, Mo., the mother of Joseph and Will Saunders of the Saunders Brothers' meat market of Maryville, whose death occurred Sunday, were held Tuesday afternoon at Parnell. Burial took place near Orsbury.

Mrs. Saunders is survived by her husband and seven children, Joseph and Will Saunders of Maryville; Ora, Elma, Prudy, Floy and Dewey Saunders, at home.

The Saunders family were residents of Parnell until six years ago, when they moved to Windsor.

Spoke at Normal Assembly.

The Y. M. C. A. and the Y. W. C. A. of the Normal school met in joint session this morning at the regular assembly hour.

Rev. Louis M. Hale, pastor of the First Baptist church, led the devotional exercises, after which Orlo Quinn sang Rodney's "Calvary."

Rev. Hale then gave a short talk on "The Winning of Souls." Mr. Hale says that he knows from his own personal experience that the Christian student may speak to a fellow student about his soul's welfare more easily than the minister or any outsider, because the students have so much in common, and commended the work of the two Christian organizations of the school.

The faculty and a large number of the student body were present at the meeting this morning.

Miss Ada Clayton returned Monday with Borden Cox, the little son of Rev. and Mrs. Gilbert S. Cox, from Kansas City, where they had been with Rev. Cox's parents during the session of conference at Trenton, which Rev. and Mrs. Cox attended.

BOYS LIKE TO OWN THINGS

Give Your Son Possessions That He
May "Keep," and He Will Treas-
ure Them.

The average boy believes firmly in the principle of the private ownership of personal property. He would rather be the sole possessor of a broken handled knife with no blades than a pearl handled, four-bladed affair in partnership, asserts Thomas W. Lloyd in the Mother's Magazine.

In fact, the desire to own something—to possess property—is inherent in all mankind. And mothers should endeavor to foster this desire. It will not only increase the boy's happiness, but will teach him the value of acquisition, within proper limits. He should have his own playthings, his own tools, his own books, his own clothes, and a place of his own in which to keep them.

A boy who is permitted to do this will take better care of things than if owned in partnership, and he will earn eagerly to have a place for his things and to keep them in their place. And this is a valuable lesson. Do not make a younger boy wear his older brother's clothing which the older has outgrown, if it can be avoided. Of course in some families, where every cent counts, this cannot be helped. Every boy, and we speak of boys, should have his own things. He wants his own. Give him his own bureau drawer and let him have a portion of a closet, and teach him habits of orderliness and system in the care of his possessions. Some habits are easily learned when young, and their value to the man of business is incalculable.

ALWAYS HAD CHANGE COMING

Escaped Inmate of Ohio Asylum Only
Had to Return to Secure His
Two Dollars.

The escape of Harry Kendall Thaw from Mattawan recalled the sensational escape of McNicholas from the county jail several months ago to a reporter of the Cleveland Leader.

"There was no chop suey at Mattawan, was there?" the reporter asked. So far as could be learned there was none.

Solemnly motioning like, the waiter, to bring another potato, he explained the mystery of his chop suey remark.

"When McNicholas escaped from the county jail he was in the hospital ward. A few minutes before he made his get-away he asked me to get him two plates of chop suey. The obliging son of Manchu demanded a deposit of two dollars. McNicholas was rich, and I paid the deposit.

"When I reached the jail with the steaming dishes I found that McNicholas had flown. And there were two dishes of chop suey on my hands.

"Sheriff Smith waved me away. I tried to explain that there was money due McNicholas from the Chinaman. Nothing doing; he was too busy trying to apprehend McNicholas.

"I ate the chop suey and kept the two dollars. Some day when I run across McNicholas I'll buy two dishes of chop suey and pay him two dollars. Sah-m day."

CAME TOO LATE FOR BURIAL.

Mrs. Joslin's Telegram Was Not De-
livered and She Missed Husband's
Funeral Services.

Mrs. John Joslin of Council Bluffs, wife of the man who was killed early Saturday morning near Conception Junction, arrived at that place Monday noon to attend the funeral services of her husband, but the services had taken place Sunday afternoon near Guilford.

Mrs. Joslin answered the telegram sent her Saturday morning telling of her husband's death and replied immediately that she would be there Monday for the burial. The telegram was not delivered until after her arrival. She went to the home of her brother-in-law, a mile north of Conception Junction, but they had not yet returned from the Guilford community, where the services took place, and she had to go to the house of neighbors. Mrs. Joslin was in Maryville Monday on her way to Conception. She had every appearance of a woman fully acquainted with trouble and sorrow.

WHEN HIS APPETITE FAILED

Realization of Payment to Be Made
Left John Henry Without Desire
for the Pheasant.

They were speaking of the wonder-
ful days of courtship when he willingly
makes a million sacrifices to ap-
pear like great wealth in the dear
one's beautiful eyes. A merry chuckle
on the part of Gov. Locke Craig of
North Carolina, who was one of the
dinner party. He said he was remind-
ed of the case of John Henry.

John Henry, according to the gov-
ernor, took the darling of his heart to a
cafe where it is expensive to eat. The
dear one had said she wasn't hungry,
so the young lover thought he would
escape with no greater blow than an
ice cream ticket.

But, alas! Likewise woe! It was a
pheasant that the dear one ordered,
with fixings to match. All that John
Henry could do was to watch her and
suffer.

"Jackey, dear," she sweetly re-
marked, diving into the luscious bird,
"you are not eating a bit of this
pheasant. Won't you have some?"

"No, darling," responded John Hen-
ry. "I have had all that I want."
"All that you want, dear!" ex-
claimed the young woman, showing
great surprise. "Why, you haven't
had any!"

"Yes, I have, sweet," answered
John Henry, with something akin to a
soulful sigh. "The waiter just hand-
ed me the bill."

POLISH JEW HELD IN HONOR

Warsaw Policeman Gets Remarkable
Recognition From All Classes of
the People.

An account of a jubilee celebration
in honor of a Jewish policeman of
Warsaw, Poland, is contained in the
American Hebrew. The celebration
was in honor of fifty years' service
by Doruch Yablonsky, an ex-guard-
man.

In 1863 he was appointed constable
in the Polish capital by the vice-
roy, Grand Duke Constantine, who
took into consideration his brilliant
conduct in the Crimean war, for
which he was decorated with a medal.
Yablonsky, who is now the only Jew
on the Warsaw police force, per-
formed the duties of a constable for
42 years, until eight years ago, when
he was transferred to the clerical de-
partment.

He is now eighty-eight years old,
and holds several decorations. The
entire police force joined in the ju-
bilee celebration, and Yablonsky was
the object of hearty praise and con-
gratulations. He received 100 rubles
from the chief of police, a watch from
his colleagues and a warm message
from the regiment of guards in which
he served at the siege of Sebastopol.
In religion Yablonsky holds orthodox
views, and he has a special permit to
attend synagogue services on Satur-
days and festivals.

Satisfied.

But that it would cost too much to
print it, the landlady would probably
include this story in her advertise-
ment every time she needs boarders.

In answer to an advertisement that
was published before the story hap-
pened, she received as "paying guests"
a lady and gentleman and little girl
who had come down in the world.

Their descent was comparatively re-
cent, and the lady still mourned de-
parted grandeur. She had hopes of
getting some of it back, however, and
to that end she instructed the little
girl to pray, on the night of their ar-
rival at the boarding house, that God
would soon give them their pretty
home again.

The child opened her eyes and
looked around the comfortably fur-
nished room.

"I don't see anything the matter
with this," she said.

Pitching Pals.

Mathewson and McGinnity were
great chums throughout their years of
association on the New York team.
Sometimes, with one of them in the
box and going badly, the other would
start from the bench with:
"Get out of there, Matty! You're rot-
ten! Let me show 'em something."

The following rejoinder:
"All right, Joe. Come on in. I hope
they knock you full of holes." Then,
tossing the ball to his pal, he would
start for the clubhouse.

McGraw left the pitching problem
largely to these wise old foxes. "With
them working together so well, no
wonder we win," was a favorite com-
ment of his.—Popular Magazine.

Rebuke a Purse-Proud Traveler.

Tom McNeal tells several stories
about Colonel Johnson, the landlord of
the City hotel in Holton. One of them
is this: A somewhat dudsish traveling
man came into the hotel and asked for
a cigar. The colonel opened a cigar
case and showed the drummer his five
and ten-cent brands, but the dudsish
drummer wasn't satisfied. "Don't you
keep some good cigars here, such as a
gentleman wants to smoke, about three
for a dollar." "Yes," said the colonel
impressively, "we keep cigars here for
gentlemen to smoke, but we don't
keep cigars for — fools."—Kansas

Nails Were Meant to Last.

F. J. Haskins of North Adams,
Mass., has a collection of hand-made
nails that were taken from an old
house. The nails are all made of
steel and are practically as good as
when first driven into the wood.
They are crude in shape and size and
many of them have heads on only one
side of the shaft. The nails have
been in the building for forty years.

Court Marion Jorgenson, son of Mr.
and Mrs. Peter Jorgenson, was born
near Barnard, Mo., July 12, 1913. Died
October 3, 1913. Aged 2 months, 21
days. While his life was of short du-
ration, he lived a beautiful, innocent
life and was a great blessing and
veneration to his parents and grand-
parents. This life, so pure, so holy,
was plucked from this world of cares
and disappointments to that place of
eternal bliss which our shepherd has
gone to prepare for us. He places a
light in the windows of heaven to be a

The funeral services were conducted

rest in the Barnard cemetery near by.

The brave ones were Miss Jane Barrows, Miss Ada Clayton, Miss Nellie Wray, Miss Ruth Matter, Miss Lucile Airy.

The club has been doing some excellent work and the success of Miss Grundy will serve to inspire each one to better effort. During the business meeting Monday evening Miss Effie McDowell was made a member of the club. On account of the storm all the members could not be present. The members are Miss Bernice Cast, president; Miss Cleo Grundy, Misses Mildred and Lois Cummings, Miss Mayme Brewer, Misses Maggie, Dora and Daisy Allen, Miss Mayme Tilson and Miss Hazel Gove.

Thomas, with accompaniment by Mrs. Ferdinand Townsend; piano selection, "Meditation," by Gottschalk, Mrs. Townsend; vocal duet, "The Lord is My Light," by Dudley Buck, Mrs. Harry Todd and Mrs. J. E. Bailey.

SPENCER'S TALE MOSTLY FICTION

Confession of Many Murders Product of Disordered Brain.

Chicago, Oct. 7.—As one after another of the "murders" confessed to by Harry Spencer were disproved, the police were practically convinced that while he was the murderer of Mrs. Mildred Allison Rexroat, the rest of his monstrous story was mostly fiction engendered in a drug-crazed mind. Spencer is addicted to the opium habit, a symptom of which is a wild and grotesque imagination. Some years ago the police had occasion to investigate his conduct and learned that while in prison at Joliet on a charge of larceny, the prison authorities had regarded him as mentally defective and from time to time confined him in the infirmary. He told fellow prisoners of having committed several murders.

Dispatches from Detroit, Delavan Lake, Wis., and Goshen, N. Y., further shook official faith in the confessions. Investigations at these points, while not absolutely disproving Spencer's statements, indicated that there was little likelihood that they were true.

Some time will be necessary, the police say, before the truth in Spencer's story can be sifted.

"Some of his stories are probably fiction," said Captain Halpin, "but on the whole I believe he is almost as great a criminal as he claims to be."

**Keeps Your Stove "Always Ready for Company"**

A bright, clean, glossy stove is the pride of every housekeeper. But it is hard to keep a stove nice and shiny unless Black Silk Stove Polish is used.

Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish one-fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. It does not rust it better than any other stove polish you have ever used before. Your dealer is authorized to refund your money. But we feel sure you will agree with the thousands of other up-to-date women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush with each can of enamel only. Use BLACK SILK METAL POLISH for silver, nickel, tinware or brass. It works quickly, and leaves a brilliant surface. It has no use for use on automobiles.

**CHAIRMAN GLASS RAPS HITCHCOCK**

Criticizes Nebraskan for Opposition to Currency Bill.

"FIGMENT OF IMAGINATION."

Assertion Commercial Credits Would Be Frightfully Contracted Without Particle of Basis, Declares House Leader—Crusade Against Bill.

Washington, Oct. 7.—Representative Glass, chairman of the house committee on banking and currency, issued a statement criticizing the opposition to the pending currency bill of Senator Hitchcock, a Democratic member of the senate committee on banking and currency. He said he was quite "curious to know" to what provisions of the measure the Nebraska senator was to attack the "several hundred amendments of which he speaks in his rather persistent newspaper crusade against the bill."

Thus far, Mr. Glass declared, Senator Hitchcock "ventures to specify but few objections to the bill as it passed the house," and asks for more time in which to consider the subject.

Concerning some of Senator Hitchcock's objections to the bill, Representative Glass said: "The assertion that the bill as it passed the house would 'frightfully contract commercial credits,' even temporarily, is a figment of the imagination. It has not one particle of basis and no capable actuary with any regard for his intellectual integrity would reach any such conclusion."

"As to the talk of an ultimate period of 'wild inflation,' it is curious to note Senator Hitchcock in his plea for delay finds himself in exact accord with the two Republican members of his committee, who attached their signatures to the Aldrich scheme providing for a possible inflation of the currency to the extent of \$6,000,000,000."

COUNTRY BANKERS MEET

Consideration of Currency Bill Is Dominant Feature of Boston Convention.

Boston, Oct. 7.—The meeting of country bankers here stood out as the first important event in connection with the thirty-ninth annual convention of the American Bankers' association, which has brought to Boston nearly 5,000 bankers from all parts of the United States. The meeting was called for the purpose of discussing the currency bill now before congress. "Thus far," said Gordon Jones, president of the First National bank of Littleton, Colo., and one of the signers of the call, "the bill has been considered mainly from the viewpoint of the large banks in the reserve cities. It is desired to give the country bankers an opportunity to consider certain features which apply particularly to their own business."

Consideration of the currency bill is expected to be the dominant feature of the regular sessions of the association, which open tomorrow.

Lehmann of St. Louis, former solicitor general of the United States.

Policy Toward Philippines.

Manila, Oct. 7.—Francis Burton Harrison of New York, the newly appointed governor general of the Philippines, arrived here on board the steamship Manahua. Governor General Harrison's inaugural address embodied instructions received from President Wilson, through Secretary Garrison, stating broadly the administration's policy toward the Philippines. The instructions declared that every step would be taken with a view to the ultimate independence of the islands.

New York, Oct. 7.—The curtain will rise this afternoon on the final act of the 1913 baseball drama. Behind the scenes the Philadelphia Athletics and the New York Giants are at their stations ready for the cue that will send them into the limelight of the world's series.

Of opinions and forecasts there are no end, but each and everyone is fringed with strings of "ifs" and "buts" until the seeker for facts becomes bewildered by the maze of counter-information. Viewed from any angle the series appears to promise sensational baseball with the luck and breaks of the game playing a part of more than usual importance.

Neither managers nor players will venture a straight prediction as to the result of either the first game or of the series and their doubts as to the outcome is reflected by the wagering. The Athletics' supporters in Philadelphia are offering 10 to 9 on Connie Mack's team, while the New York club supporters are willing to lay similar odds when baited in their own ballpark.

Professional bookmakers and men of their type, accustomed to figure betting propositions in a manner which gives them the edge, offer 9 to 10, with the better making his own choice as to the probable winner.

So far as actual wagering is concerned, there has been less betting than usual. The amounts range from \$5 to \$50 and many are of the freak variety, concerning the pitchers for the opening game, total number of games in the series and similar propositions.

The uncertainty of the ultimate outcome and the apparent evenness in playing strength of the contending furnished unlimited material for argument, and it is doubtful if a thousand telephone devices scattered about the metropolis would record much of anything but world's series gossip. The supporters of Mathewson and Marquard advanced a score of reasons why Manager McGraw should start their favorite against the Athletics, and the fans from Philadelphia smiled and gently inserted into the argument a mention of J. Franklin Baker and what his trusty home run bat did in the series of 1911.

Because of the fact that but 8,000 of the 38,000 seats were disposed of in the advance sale, the opportunities for speculators to secure tickets were not as great as in the past. Consequently those that were available commanded almost fabulous prices. A trio of Texas enthusiasts paid \$75 for three seats for the opening game and appeared to feel that they had secured a bargain.

SULZER CASE IS REOPENED

Court Permits Prosecution to Present More Evidence.

Albany, N. Y., Oct. 7.—Despite the protest of Governor William Sulzer's counsel, a motion by attorneys for the assembly board of managers to permit them to reopen their case and introduce further testimony in the impeachment trial at Albany was allowed by Presiding Judge Cullen.

A new unreported campaign contribution of \$10,000 developed. I. V. McGlone testifies that he handed the governor ten \$1,000 bills for his employer, Allan A. Ryan, a son of Thomas F. Ryan, last October.

Allan A. Ryan testified that Sulzer requested him to go to Washington and ask Senator Root to use his influence to get William Barnes to attempt to induce Republican senators of the impeachment court to hold that the impeachment proceedings were invalid.

Auto Salesman Is Arrested. Minneapolis, Oct. 7.—Harold E. Morse, an automobile salesman, was arrested here on a request from the San Francisco authorities, issued more than two years ago. Morse is accused of manslaughter in having run down with his automobile and so seriously injured Eugene Place, an aged San Francisco man, that he died as a result.

Another Quake in Panama. Panama, Oct. 7.—The village of Tomosi, in the western part of the republic, according to a report, as yet unconfirmed, was totally destroyed by an earthquake. Shocks were felt both here and at Colon the same day. To mosi had a population of 300 persons.

ALASKAN CITY ALMOST DESTROYED BY STORM

Loss at Nome Is Estimated at \$1,500,000.

Nome, Alaska, Oct. 7.—Nome has been almost destroyed by a storm. All the south side of Front street is gone. The sand spit is gone. Two miles of territory next to the sea was devastated. No lives were lost.

The storm set in from Bering sea and was the worst ever known here. Men and women worked all night in the icy water to save their household effects. The electric light plant was wrecked and telephone service cut off. The loss is estimated at \$1,500,000.

There will be much suffering, and outside help will be required. Winter is at hand, and it will be impossible to get in supplies needed.

The steamships Victoria and Corwin, which were lying in the roadstead, ran to the open sea and escaped damage. All the small boats on the beach were destroyed. Five hundred houses have been demolished, and more are falling.

Fire has broken out in the storm-stricken city and the flames have attacked the Pacific Cold Storage company's plant, where is stored the chief supply of meat for the winter. The fire apparatus was destroyed in the gale.

SUFFRAGETTE IS ARRESTED

Miss Kenney Jailed After Fierce Clash of Police and Militants.

London, Oct. 7.—The militant suffragettes were deprived of one of their leaders, Miss Annie Kenney, who was arrested on the platform of a London music hall in the course of a meeting to mark the recommencement of hostilities. Miss Kenney was released from prison, after a "hunger strike," two months ago.

The arrest brought a scene of wild excitement in the crowded hall.

Miss Kenney had just opened her speech with the words: "I hear there are detectives in the 'wings,'" when a squad of policemen dashed out on the platform in flying wedge formation.

The women seated around Miss Kenney tried to get between her and the policemen so as to give their leader a chance to escape, but the policemen scattered the resisting women about like nine pins. As Miss Kenney was seized, yells of protest arose from the hundreds of women filling the hall. There was a wild din, accompanying the short, but fierce struggle between women who endeavored to rescue Miss Kenney and the officers who had her in custody. She was rushed to a waiting taxicab, which started off after a final skirmish to Holloway jail.

The scene in the street in front of the music hall was of the wildest description. The women fought and struggled furiously with the police and their torn dresses and the rips in the policemen's tunics testified to the fierceness of the scrimmage.

Two men, one of them a clergyman, and seven women were arrested.
